Comments from school counselor:

We appreciate this resource! This is my 2nd year at Sacred Heart. This year and last year I have had multiple students and parents reach out with SOS ACT steps to get others help and one student reach out to get himself help. It is working. Sarah Slaughter

Comments from Church Youth Group Leader:

With High School kids, it has been very helpful, they have been able to approach the topic with more confidence with the information they received they are ready to act when someone needs help, your participation has been very valuable and on behalf of the cathedral we thank you guys. Nurse's Prayer

Let me dedicate my life today to the care of those who come my way.

Let me touch each one with healing hands and gentle art for which I stand.

And then tonight when the day is done, let me rest in peace if I helped just one.

Our calling is you.

Lord
BLESS
